

ABDULLAH OMAR

SOFTWARE DEVELOPER

I am a senior full-stack developer with expertise in React.js, Next.js, Flutter, and backend technologies like Node.js, NestJS, and Firebase. I have led the development of high-traffic platforms, including a podcast and audiobook service, a casino and sportsbook system, and a homeland security deconfliction tool.

Beyond coding, I lead teams, review code, optimize deployments, and contribute to product strategy. I thrive in agile environments, collaborating with cross-functional teams to build scalable and high-performance applications. Now seeking international remote opportunities to expand my expertise and impact.
